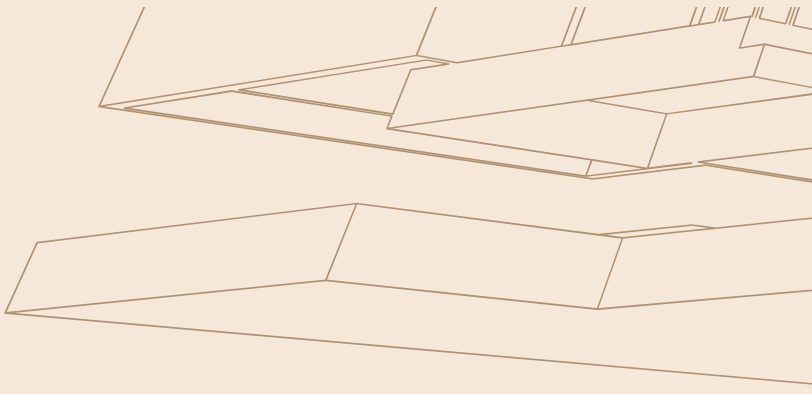
Nexis

Nexis features a sleek V-Groove edge with concealed reveals, making it an ideal solution for subtly hiding elements above the ceiling, such a decking, pluming, air ducts, lighting, and cables.
Constructed from galvanized steel or aluminum, it offers a cost effective, durable option suitable for both interior and exterior installations.

The product supports versatile installation configuration, where thin and thick planks can be mixed in staggered pattern to give a more unique look to ceilings.
Product support diverse install such as vertical, sloped and can also be installed in exterior of the building.
For non-continuous ceiling installations, Nexis can be finished with cloud trim for a clean and professional appearance. Available in powder-coated finishes, Nexis offers a choice of solid RAL color or wood veneer prints, delivering the aesthetic appeal of natural wood without maintenance challenges, Unlike traditional wood, the wood-look finish resists warping, cracking, and rot even in high-moisture environments*.

Whether for a clean, minimalist interior or a functional exterior, Nexis provides a durable, visually appealing ceiling solution tailored to your design needs.



Celestia Versatile, durable, and effortlessly elegant solutions for walls and ceilings—crafted for safety, style, and lasting performance.
